To Ted Smith
Chair
Campaign for Responsible Technologies

Dear Ted,

Thank you for your correspondence containing information about your organisation. The Lothian Trade Union and Community Resource centre has been given the responsibility of the European Work Hazards Network.

The EMHN has members in most countries in Europe and organises a European Work Hazards Network in the Netherlands possibly Amsterdam.

The Network is made up of a wide range of people from Occupational Health and Safety Representatives. The mixture of shop floor and professional people is a strength.

We are interested in any hazards in the electronics industry. Your organisation is welcome to contribute to the network.

Lothian TUCRC will pass on any information to the rest of Europe.

Thank you for your interest.
Yours aye

Jim Swan
